lazernaut™

Electric robot cleaner

24 programs:
high-precision cleaning

Zodiac Pool Care Europe - S.A.S.U., capital 400 000 € - Nanterre Companies Register No.395 068 679 - Photo credits: Zodiac - Réf. WLO0041 - Issue 04/09 - DEG Studios 6325e

lazernaut™

High-precision cleaning

Bottom, sides, submerged deck, waterline... *lazernaut™* methodically cleans your entire pool and with complete accuracy.

It's secret? Its movements aren't random: there are 24 programs to select from and it moves with great precision in accordance with the characteristics of your pool.

Its remarkable design is not just a question of style: its harmonious forms have been designed to ensure exceptional stability, an essential factor that contributes to its excellent cleaning ability.

SIMPLE AND EFFICIENT

Select your program and immerse it in the water, it'll do the rest: **the assurance of a problem-free, perfectly clean pool.**

Designed for maximum safety and comfort, *lazernaut™* is a lower voltage electric robot compliant with the strictest electrical safety standards.

It cleans in-ground pools up to a max of 16x8 m.

For all pool shapes:

For all types of pool floors:

For all types of pool surfaces:
tiled, liner, polyester skins, reinforced PVC, painted concrete.

PERFORMANCE

- **Optimum pool coverage** thanks to pre-programmed travel.
- 3 high-performance motors for **efficient and very short cleaning cycles.**
- Patented gear transmission system, the **Is-Track System®: accurate and reliable.**
- **Integral remote control** for cleaning particular areas at any given moment.
- Notched tracks for adhesion to all obstacles (drain holes, lights).

Cleaning accuracy.

CLEANING PERFECTION

- **High suction power:** sand, pebbles, leaves, it suctions all types of debris.
- Polishes and cleans **all the areas of the pool:** bottom, sides, deck and waterline.
- 20-micron filter bag captures **the tiniest pieces of dirt** and protects the pump basket.
- **Very large cleaning width** (43 cm) collects more debris with every sweep.

Unbeatable suction power.

CLEANING OPTIONS

- 24 programs offering **cleaning times of 30 minutes to 6 hours.**
- Choice of surfaces to be cleaned: "**bottom only**" or "**bottom and sides**" option.
- Automatic or remote control facility.

Digital display control unit with countdown to cycle completion.

QUALITY AND INGENUITY

- **ABS material:** highly resistant to shocks, corrosion, etc.
- Electronic motor protection in case of stoppage or operation out of the water.
- "Deck" system: if the robot emerges onto the deck, it returns to the water automatically.
- Supplied with a robust aluminium trolley for transport and storage.
- **Clip&Fix®** Patented System for easy maintenance of the pads.

Clip&Fix® System.

Technical Characteristics:

- Filtering area: **3400 cm²**
- Filtering Capacity: **20 microns**
- Nominal cleaning width: **43 cm**
- Nominal cleaning area: **260 m²/h**
- Pump output: **20 m³/h**
- Control unit supply voltage: **230 V 50 Hz**
- Robot supply voltage: **30 VDC**
- Power consumption: **120 W**
- Robot dimensions (LxDxh): **46x40x28 cm**
- Package dimensions (LxDxh): **58x58x59 cm**
- Robot weight: **9,1 kg**
- Weight packed: **21 kg**

Certified by the TÜV Rheinland Group

lazernaut™ is supplied complete with a transport trolley, integrated control unit and 17,5 m cable.

ZODIAC QUALITY ASSURANCE

lazernaut™ is made in France by Zodiac, the world leader in automatic pool cleaners. For you, the consumer, the assurance of investing in an appliance that has been designed, manufactured and quality controlled to the highest possible standards.
